Namakkal,India

June 2021 - May2022

SKILLS

Frontend Technologies: HTML5, CSS3, Tailwind CSS, JavaScript (ES6), React.js, React Router, Redux

Libraries & Tools: Git, GitHub, NPM, VS Code .

Other Skills: Responsive Design, RESTful APIs, JSON, Core Java.

Soft Skills: Communication , Problem-Solving , Team Collaboration , Adaptability.

PROJECTS

REACT-BASED REPAIR SERVICE AND PRODUCT STORE fixyourgadget.netlify.app

- Developed a responsive repair and product-selling website using React and Tailwind CSS, supporting repair bookings for phones, laptops, and appliances.
- Used useState and useEffect for managing service requests and dynamic cart functionality, including total calculations and checkout flow to enhance JavaScript logic and React skills.

GIPHY CLONE – INTERACTIVE GIF & STICKER BROWSER giphyccclone.netlify.app

- Developed a Giphy Clone using React with useState, useEffect, and React Router. The app allows users to explore and share GIFs, text, and stickers across various categories.
- Integrated the GIPHY API using async/await to fetch content, and implemented features like search, filtering, and dynamic detail views.
- Enabled users to view related GIFs on click, along with like and share functionality, focusing on enhancing API handling, routing, and interactive UI logic in React.

RECIPE FINDER – INTERNATIONAL FOOD RECIPE APP thereciperadar.netlify.app

- Displays detailed recipe information including image, category, ingredients, cooking instructions, and a YouTube video for visual guidance.
- Built a React app using useState, useEffect, and React Router to explore meals through TheMealDB API.
- Implemented alphabet-based filtering and full dish name search functionality, focusing on enhancing API integration, dynamic filtering, and routing in React.

CERTIFICATIONS

- Core Java – Certificate of Completion
- Attended National Seminar on AI Tools in Various Domains
- Attended National Seminar on Wireless Technologies in Real-Time Data Engineering

INTERNSHIP

FRONTEND DEVELOPER INTERN

(IDM Techpark, Coimbatore)

- Gained practical experience in frontend development using HTML, CSS, JavaScript, and React.
- Assisted in building responsive components and integrating REST APIs.
- Collaborated with team members to debug issues, improve UI performance, and deliver features on time.
